

Shed News from the Committee and Coordinator

30th November 2017

Hi Shedders

A highlight for the year is that our shed membership is currently 141 blokes, the highest ever. What will next year bring for you and your shed?

Tuesday 5th December, 10.15am, a special viewing of the video "Kauri Kingdom" the story of the mighty Kauri from days gone by in the far north. You won't want to miss this on the big screen.

Wednesday 6th, a special morning tea thank you at Lakeview School, 10.30am, followed by a performance by the kids, let us know if you would like to be on the guest list.

Saturday 9th at Mc Jorow Park, the unveiling of the East Side Park new BBQ area, and seats made by Tibsy and his crew, commences from 10am.

Monday 11th from 9.30am, Writers Group relive and share tales of life growing up, come along and listen in, it may take you back a year or two and bring back thoughts of your earlier years and the good fun things you got up too.

Xmas Do, Wednesday 13th December, as usual pot luck from 11am till 2pm, bring what you like, and a friend to share it with would be good too.

Pot luck is a great way to share your favourites, everybody brings a plate or 2 and it's all on the one table to share with friends, family and guests.

Let us know if you want the Pizza oven and/or BBQ fired up?

Shed will open at 8.30am as normal but go into festive mode from 11am (workshop machinery out of bounds)

It is proposed to formally shut the shed at **2.00pm on Thursday 21st December and reopen at 8.30am on Monday 8th January**. If anybody has a burning desire to be at the shed in between these dates see the Coordinator in advance and we will see what can be arranged (no promises)

PS – If you want some of the 240mm x 24mm LVL/plywood (various lengths) so many uses, \$2 a piece be in quick to place your order with the Coordinator. When it's gone it's gone.

"See you at the Shed again soon"

John Bush

Coordinator
